Create a Growing, Successful Practice

A unique opportunity to create a growing, successful practice building and sustaining a quality medical practice has never been simple. But for physicians seeking to add medical aesthetics to an existing practice or establish a new aesthetics clinic from the ground up, the opportunities have never been greater.

At Advanced Aesthetics Training Institute, we provide our client physicians and their staffs with all the tools they need to provide an excellent patient experience, create great results, and promote a growing business that patients will seek out and return to again and again.

Welcome

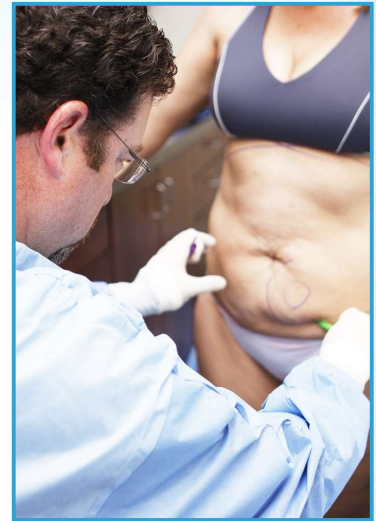

Advanced Aesthetics Training Institute is a nationally recognized training center for Laser Assisted Liposuction, Laser Skin Rejuvenation, Botox and Dermal Fillers, and aesthetic practice growth. Physicians are able to earn up to 22 category 1 CME credits and training staff are welcome as we emphasize a team approach.

an intimate, complete, individualized, hands-on training experience. Our success is based upon our ability to deliver quality training and instruction to our client physicians and their staffs.

Under the direction of Kevin M. Johnson M.D., FACS, Advanced Aesthetics is one of the busiest SmartLipo clinics in the Northwest — and is a designated a national SmartLipo Training Center and CME Training Institution for physicians, nurses and other health care professionals.
